A Reconstruction of the Earliest Sayings Gospel

Clean Reconstructed Text

Logion 1

Whoever finds the interpretation of these words will not taste death.

Logion 2

Let the one who seeks not stop seeking until they find.

When they find, they will be disturbed; when disturbed, they will be amazed; and they will reign.

Logion 3

Do not seek the kingdom as a place in heaven or in the sea: the kingdom is within you and outside you.

When you know yourselves, you will be known, and you will know that you are children of the living Father. If you do not know yourselves, you are in poverty, and you are poverty.

Logion 4

Many who are first will become last, and the last first.

An old person will not hesitate to ask a seven-day-old child about the place of life, and that person will live; they will become one.

Logion 5

Nothing is hidden that will not become manifest.

Know what is before your face, and what is hidden from you will be revealed to you.

Logion 6

Do not lie, and do not do what you hate.

Logion 9

A sower went out to sow. Some seed fell on the road, some on rock, some among thorns, and some on good soil; only the good soil bore fruit.

Logion 10

I cast fire upon the world.

Logion 16

I came not to bring peace, but division; a house will be divided.

Logion 20

The kingdom is like a mustard seed: it is small, but it grows and gives shelter to the birds of heaven.

Logion 22

Little children are like those who enter the kingdom.

Logion 25

Love your brother as your own soul; guard him as the apple of your eye.

Logion 26

You see the speck in your brother's eye, but you do not see the beam in your own eye. When you remove the beam from your own eye, then you will see clearly how to remove the speck from your brother's eye.

Logion 31

A prophet is not accepted in his own place.

And a physician does not heal those who know him.

Logion 32

A city built and fortified on a high mountain cannot fall and cannot be hidden.

Logion 33

What you hear in your ear, proclaim from the rooftops.

No one lights a lamp to put it under a measure or in a hidden place; it is put on a lampstand so that all may see the light.

Logion 34

If a blind person leads a blind person, both will fall into a pit.

Logion 35

No one can enter a strong man's house and take his possessions unless he first binds his hands; then he will plunder his house.

Logion 36

Do not be anxious from morning until evening and from evening until morning about what you will wear.

Logion 39

The scribes and Pharisees have taken the keys of knowledge: they did not enter, and they did not allow those who wished to enter.

Be wise as serpents and pure as doves.

Logion 41

Whoever has will be given more; whoever does not have will lose even the little that they have.

Logion 45

Grapes are not gathered from thorns, nor figs from thistles.

Logion 46

Among those born of women none is greater than John; yet the least in the kingdom is greater than he.

Logion 47

A servant cannot serve two masters: he will honor one and despise the other.

Logion 54

Blessed are the poor, for the kingdom of heaven belongs to you.

Logion 63

A rich man had many possessions. He planned to sow, reap, plant, and fill his storehouses so that he would lack nothing. That night he died.

Logion 72

A man said to him, "Tell my brothers to divide my father's property with me."

He said to him, "Man, who made me a divider?"

And turning to his disciples, he said, "Am I a divider?"

Logion 73

The harvest is great, but the workers are few. Ask the Lord to send workers into the harvest.

Logion 86

Foxes have holes, birds have nests, but the Son of Man has nowhere to lay his head.

Logion 89

Why do you clean the outside of the cup? Do you not understand that the one who made the inside also made the outside?

Logion 91

You know how to read the face of heaven and earth, but you do not recognize this time.

Logion 95

If you have money, do not lend at interest; give to the one from whom you do not expect to receive it back.

Logion 96

The kingdom is like a woman who took a little leaven and hid it in dough.

Logion 99

Those who do the Father's will are my brothers and my mother.

Logion 100

Give Caesar what belongs to Caesar, and God what belongs to God.

Logion 103

Blessed is the one who knows when the thief is coming and keeps watch before he comes.

Logion 107

A shepherd had one hundred sheep. One of them went astray; he left the ninety-nine and searched for it until he found it.

How To Read The Appendix

The logion numbers follow the conventional numbering of the Gospel of Thomas. Where only a core or subunit is printed in the clean reconstruction, the paper book keeps the familiar logion number for lookup, while the appendix explains the partial-inclusion decision.

Witness labels: NHC II,2 is the Coptic manuscript witness; P.Oxy. 1, P.Oxy. 654, and P.Oxy. 655 are Greek papyrus witnesses; Greek retroversion, hypothetical is a modern controlled reconstruction of a plausible Greek form, not an extant manuscript witness.

10	fire-casting core	READER_INCLUDE_MARKED	YES	low-medium to medium	Greek retroversion, hypothetical	Current clean-reader unit: fire-casting core; fire/kingdom cluster-control keeps the watching/blazing continuation in apparatus.	Explain included core, excluded/full-form material, Greek status, and uncertainty marker.
11	full logion	APPENDIX_ONLY_S TABLE	NO	medium for appendix decision	Greek retroversion, hypothetical	Evidence/control exists; living/dead/world cluster pass keeps full logion outside clean reader because only the heaven-passing subunit is externally strong. Explain why the full dialogue frame is not included.
92	full logion	DEFER_TO_CLUSTER	NO	low-medium after cluster pass	Greek retroversion, hypothetical	Evidence rationale and cluster-control v0.1 now exist; seek/find core is embedded in collection-memory expansion.	Keep full logion appendix-only; possible opening core remains apparatus material.
93	full logion	APPENDIX_ONLY_S TABLE	NO	medium for appendix decision	Greek retroversion, hypothetical	Evidence/control exists and current reviews keep it outside clean reader due to dependence, duplication, composite form, or appendix-only fit.	Explain why tradition is important but appendix-only under current model.
94	full logion	APPENDIX_ONLY_S TABLE	NO	medium after cluster pass	Greek retroversion, hypothetical	Evidence/control exists and seek/find cluster pass keeps it outside clean reader as strong but likely redundant with Logion 2. 104	bridegroom-fasting core	104A APPENDIX_ONLY_STABLE; full logion appendix-only	NO	medium for appendix-only decision	Greek retroversion, hypothetical	Ritual-ethics / bridegroom follow-up keeps 104A outside the clean reader: strong Mark/Matthew/Luke controls, but no extant Greek Thomas witness and a Thomas ritual/bridal-chamber frame that is too entangled for clean extraction. Methodological Summary

This reconstruction is not a translation of the whole Coptic Gospel of Thomas. It is a selective reconstruction of the earliest recoverable layer of sayings tradition. The clean reader prints only the units judged responsible for this edition. Excluded, deferred, and uncertain logia remain visible in the appendix so that readers can evaluate the reconstruction rather than merely receive it.

Bibliography Groups For Layout

Bibliography and rights release-clearance has been completed at pre-render level. Before final layout, the working bibliography still needs one uniform print style and page-specific checks only where such references actually enter print. Current working bibliography groups:

- Purpose
- Primary Witnesses And Open Working Sources
- Open Or Public-Domain Translation Controls
- Protected Or Rights-Sensitive Scholarly Controls
- Sources To Define Later
- Final Bibliography Tasks

Rights Note

The project's original reconstruction, translations, commentary, prompts, tables, and research architecture are intended as a commons. External witnesses, modern editions, translations, images, and websites retain their own legal status and must be checked before public reproduction.
