

EUAGELIA Digital Scholarly Companion Proof

First proof generated from output/digital-scholarly-companion/euagelia-digital-companion-proof.source.md

Digital Scholarly Companion Manifest

Status: generator-ready companion manifest v0.1, 2026-07-18.

Purpose

The digital scholarly companion preserves the full apparatus that cannot fit cleanly into paper books: repository paths, evidence notes, source snapshots, audit trail, decision tables, and machine-checkable cross-references.

Frozen Reader Source

- reconstruction/earliest-sayings-gospel/final-clean-reader-freeze-v0.1.md
- reconstruction/earliest-sayings-gospel/reconstructed-gospel-uk.md
- reconstruction/earliest-sayings-gospel/reconstructed-gospel-en.md
- reconstruction/earliest-sayings-gospel/reconstructed-gospel-coptic.md
- reconstruction/earliest-sayings-gospel/reconstructed-gospel-greek.md
- reconstruction/earliest-sayings-gospel/reconstructed-gospel-ar-quranic-register.md
- reconstruction/earliest-sayings-gospel/parallel-edition.md

Full Commentary And Decisions

- reconstruction/earliest-sayings-gospel/full-logion-commentary-appendix-uk.md
- reconstruction/earliest-sayings-gospel/all-114-publication-decision-table-v0.1.md
- reconstruction/earliest-sayings-gospel/inclusion-decisions-table.md
- reconstruction/earliest-sayings-gospel/evidence-dossier-en.md

Logion-Level Research Corpus

- corpus/cards/logion-001.md through corpus/cards/logion-114.md
- reconstruction/earliest-sayings-gospel/notes/
- controls/synoptic-parallels/
- corpus/tables/logia-workflow-matrix.md

Primary Text And Witness Sources

- sources/primary_texts/coptic/
- sources/primary_texts/greek_poxy/
- sources/primary_texts/canonical_greek/
- sources/source-register.md

Audits And Method Controls

- reconstruction/earliest-sayings-gospel/greek-retroversion-confidence-audit-v0.1.md
- reconstruction/earliest-sayings-gospel/greek-retroversion-publication-polish-v0.1.md

- project/source-reproducibility-note.md

Print Outputs Generated From This Corpus

- output/uk-paper-book/book-source-uk.md
- output/en-paper-book/book-source-en.md

Remaining Companion Work

1. Generate a machine-readable cross-reference index mapping each logion number to cards, notes, sources, controls, and print sections.
2. Preserve source snapshots with clear provenance and access dates.
3. Add versioned checksums for final generated paper-book sources.
4. Add final rendered-file manifest after PDF / e-book generation.
